Dear Maestro Lebel:

Today I received a copy of your CD (Gershwin, Copland Bizet) from conductor-in-residence Barry Williamson for review.

I have listened to the CD and I say:

Wonderful, captivating, invigorating, musical, played with assurance and aplomb.

It would be a pleasure to have you conduct the Texas Medical Center Orchestra on our Series in Carnegie Hall next season.

Congratulations on a superb music ensemble which should be heard in historic Carnegie Hall.

With best wishes,
